§ 404.1645 How and when we determine whether the performance accuracy standard is met.

(a) *How we determine performance accuracy.* We determine a State agency's performance accuracy rate on the basis of decision and documentation errors identified in our review of the sample cases.

(b) *Frequency of review.* Title II and title XVI initial performance accuracy are monitored together on a quarterly basis. The determinations as to whether the performance accuracy threshold has been met is made at the end of each quarter each year. Quarterly State-by-State combined initial performance accuracy rates are compared to the established threshold level.

§ 404.1650 Action we will take if a State agency does not meet the standards.

If a State agency does not meet two of the three established threshold levels (one of which must be performance accuracy) for two or more consecutive calendar quarters, we will notify the State agency in writing that it is not meeting the standards. Following our notification, we will provide the State agency appropriate performance support described in §§ 404.1660, 404.1661 and 404.1662 for a period of up to 12 months.

PERFORMANCE MONITORING AND SUPPORT

§ 404.1660 How we will monitor.

We will regularly analyze State agency combined title II and title XVI initial performance accuracy rate, title II initial processing time, and title XVI initial processing time. Within budgeted resources, we will also routinely conduct fiscal and administrative management reviews and special onsite reviews. A fiscal and administrative management review is a fact-finding

mission to review particular aspects of State agency operations. During these reviews we will also review the quality assurance function. This regular monitoring and review program will allow us to determine the progress each State is making and the type and extent of performance support we will provide to help the State progress toward threshold, intermediate, and/or target levels.

[56 FR 11020, Mar. 14, 1991]

§ 404.1661 When we will provide performance support.

(a) *Optional support.* We may offer, or a State may request, performance support at any time that the regular monitoring and review process reveals that support could enhance performance. The State does not have to be below the initial performance accuracy rate of 90.6 percent to receive performance support. Support will be offered, or granted upon request, based on available resources.

(b) *Mandatory support.* (1) We will provide a State agency with mandatory performance support if regular monitoring and review reveal that two of three threshold levels (one of which must be performance accuracy) are not met for two consecutive calendar quarters.

(2) We may also decide to provide a State agency with mandatory performance support if regular monitoring and review reveal that any one of the three threshold levels is not met for two consecutive calendar quarters. Support will be provided based on available resources.

(3) The threshold levels are:

(i) Combined title II and title XVI initial performance accuracy rate—90.6 percent,

(ii) Title II initial processing time—49.5 days, and

(iii) Title XVI initial processing time—57.9 days.
